PROFESSIONAL SUMMARY

Motivated cybersecurity professional with strong analytical skills and ongoing penetration testing certification. Recent graduate with B.A. in Criminology & Police Administration, bringing unique perspective on information security and law enforcement. Seeking to leverage technical skills and leadership abilities to contribute to organizational cybersecurity initiatives.

TECHNICAL SKILLS

Nmap – used for active network scanning, host discovery, and service enumeration

Nikto – applied to identify outdated software, misconfigurations, and known vulnerabilities in web servers

Burp Suite – utilized for intercepting and manipulating HTTP requests, testing input validation, and identifying OWASP Top 10 vulnerabilities

Wireshark – used for analyzing captured packets, verifying exploitation success, and identifying data exfiltration attempts

Linux OS – familiar with terminal-based operations, file system navigation, and basic security configurations

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Certified Penetration Testing Course: Red Team Hacker Academy — 2025

Gained hands-on experience in vulnerability assessment, exploitation techniques, and post-exploitation analysis using industry-standard tools like Nmap, Burp Suite, and Metasploit.

Cybersecurity Job Simulation: Mastercard via Forage — 2025

Completed a virtual experience simulating real-world tasks such as phishing email detection, threat analysis, and secure communication practices. Online Certificate

Introduction to Dark Web, Anonymity, and Cryptocurrency: EC-Council — 2025

Explored the fundamentals of dark web ecosystems, anonymous browsing tools like Tor, and the role of cryptocurrencies in digital privacy and cybercrime investigations. Online Certificate

English Typewriting Certification – Lower Grade: Government Certified — 2022

Demonstrated proficiency in professional typing and documentation, supporting clear and efficient written communication.

ACADEMIC PROJECT

A Study Among Youth Involved in Motorcycle Theft: Conducted a quantitative research project analyzing behavioral and socio-economic factors contributing to youth motorcycle theft.

Community Policing Model – Field Work in Tirupur District: Participated in fieldwork assessing community policing strategies, documenting public engagement and crime prevention outcomes.
